Movable Walls and Sliding Partitions offer the most cost effective solution to maximising the efficiency and usefulness of your space. Flexible Wall Systems provide essential maintenance and repair services to ensure your partitions and walls are working effectively.

With over 15 years' experience within the industry we have set up our company to provide you with a personal service. We understand that if your movable wall fails it is a major problem and causes inconvenience.

Whether your partition panels appear worn or scuffed, or you are refurbishing your space, we can offer a replacement service for your existing fascia panels supplying new ones to match current décor or your new colour scheme. We can even retro fit complete panels on a number of systems if wear and tear exceeds superficial damage.

We fit an extensive range of materials and finishes to panels including wood veneer, glass, paints and stains, melamine boards and textiles.

Our specific service schedule details the schedule of works carried out. This ensures that you, the customer are aware of all necessary work and costs prior to any maintenance visit. Risk Assessments and Method Statements are included.

All maintenance visits are arranged with the customer for the most convenient time and date prior to the month of visit.
